

Students Hear Top Speakers

Thirty students from Carson, Gardena, and Narbonne high schools were among more than 400 Los Angeles city high school students to participate in a program of Christmas vacation science lectures Monday.

The program, sponsored by the Association for the Advancement of Biomedical Education, was held at the University of Southern California.

Speakers were Dr. Derek Fender of the Neurophysiology Department at California Institute of Technology; Dr. Donn S. Gorsline of the Oceanography Department at USC, and Dr. Roy E. Cameron, senior specialist, Bio-Science Division of Jet Propulsion Laboratory.

Carson students attending the program included: Ann Bills, Donna Guy, Helen Miller, Carol Ann Eberly, Sheryl Ptery, Linda Ross, Ruth Cameron, Buckley Jepson, Jane Mudge, Ynona Paoli, Robert Leos, Carman Reymundi, and Paul Andrews.

Students from Gardena High School were William Morishita, Amy Taketomo, Kayuhisa Fujita, Carol Cohen, JoAnn Uemura, and Sue Cohen.

Narbonne High students were: Robert Durden, Fred Benson, Genevieve Netter, Barb Thomas, Eva Shattuck, Marilyn Walker, Arlene Woods, Holly Schaperjohn, Robert Rashid, Paul Hummel, and Don Turrentine.

New Lights Approved In Carson

Supervisor Kenneth Hahn has announced 63 new street lights will be installed in 1966 on seven Carson area streets.

A petition has been approved annexing three adjacent tracts to County Lighting Maintenance District Number 1670 for the purpose of installing the lights.

The tracts are bounded on the north approximately by Genevieve Street, on the south approximately by 23rd Street, on the east by Jamison Avenue, and on the west by Main Street.

Also included in the new annexation are Torrance Boulevard, Dominguez Street, Shearer Avenue, Margaret Street, Gardner Street's east approach to Shearer Avenue and Bolso Street's south approach to Jamison.

"The new lights will significantly increase safety for both motorists and pedestrians."

Always use flameproof decorations when trimming the tree. Preferably, you should use those made of glass, metal or fire-resistant material.

Season's Greetings

All of us at Pacific Telephone want to wish you and your family a very Merry Christmas and a very Happy New Year. We hope the new year will be a prosperous and rewarding one for you. It has been our pleasure to serve you during this past year, and you can be sure that during 1966 we'll do our best to continue bringing you the finest possible telephone service. Again, our sincere best wishes of the holiday season for you and yours.

MERRY CHRISTMAS

—Your Torrance Business Office Representative join together in wishing all of you a Merry Christmas and a prosperous New Year. By the way, when you get to those special family names on your shopping list, what about an extension phone at Christmas. Call or stop by your Torrance Business Office. We'll do the rest about making it a happy Christmas.

Do you sometimes find you must take down information over the phone, especially during the busy holiday season? It's a good idea to keep paper and pencil conveniently near the phone so you don't have to rely on memory or keep the other person waiting. It's the courteous and practical thing to do.

When you're getting the house all cleaned and decorated for the holidays, don't forget the telephone. It, too, gets smudged and dirty, but it's a snap to clean. Just take a damp (not drippy) cloth and wipe. To clean under the dial, put a cloth over the tip of your finger and, without lifting the receiver, dial "0."
